Thanks Erin. I will try to follow up with Mark Cowin on having at least Reclamation (and possibly the two fish agencies) attend these meetings.

David

Subject: Summary -- last Thursday's Section 10/404 Permitting Meeting

Hi David,

As we discussed, here is a short summary of last Thursday's Section 10/404 permitting meeting. Cassandra Enos from DWR will distribute meeting notes when they are complete and I'll send them when they are provided.

EPA requested that the meeting include representatives from BDCP lead federal agencies Department of Reclamation, USFWS, and NMFS.

Corps of Engineers requested that individuals actually working on the NEPA document, at minimum from BOR, attend these meetings instead of higher level managers.

Corps stated they feel the draft NEPA purpose and need (found in Draft_EIR_EIS_PN_Statement_10-5-11_psi.pdf) meets the minimum requirements of NEPA and the purpose statement is consistent with CWA Section 404.

EPA stated the draft NEPA purpose statement (Draft_EIR_EIS_PN_Statement_10-5-11_psi.pdf) is consistent with CWA Section 404 and requested time for the EPA NEPA office to review the draft NEPA need statement.

Discussion about the CWA Permitting Approach for BDCP activities (found in BDCP-CWA-section 404 approach-bullets-8-25-11). We did not finish this discussion and will resume at a meeting with a date/time/place to be determined.

Hi David,

This morning we are having another BDCP meeting with DWR, the Corps, Hallmark, and ICF about CWA, RHA, and NEPA integration. I'm very sorry for the late notice. Please let me know if you want to discuss anything before the 9:30 meeting. My phone is having troubles -- let me know where I can call you if you want to discuss. I'll be here until I leave for the meeting.
